"D & B Builders" is a proven company located in Maida Vale that offers a wide selection of professional building services like loft and garage conversion, kitchen, bathroom or house refurbishment, house extension and much more refreshment services like painting and decorating, carpentry and flooring as well water damage restoration. If you need fast and reliable property improvement or have a plan to renovate your home or office in Maida Vale, our professional team of expert builders, painters and decorators at "D & B Builders" will make you one of the best offer in the area. The company provides a list of services which are specially

selected to satisfy each of your demands. To contact us you can call on 020 30266471 or visit our website. D&B are your local all-trade building specialists. But what does this mean?

It means that here you find all of the different professionals you need for full-scale property conversion, refurbishment or extension all under one roof. Working together, your team will ensure that every aspect of your project is properly considered. Whatever task is next in line, a plan will have been to ensure that you have the right specialist to hand – for the job at hand. When you need builders, D&B have got the team for you. Qualified professionals in all trades. Vetted. Trained. And highly experienced. They're cleverly coordinated so that whatever the scale of builders services you need in Maida Vale, you can get them done quickly. Easily.

Knowing that you can always rely on the standard of results you get. Do you want to add extra space to your property with a home extension? Transform your garage or your loft into a new room you can use every day? Or to occasionally entertain? Whether you're suffering from water damage or you're planning major refurbishment, D&B will help you plan and then execute anything from minor repairs to your main refurbishment. Your quality guarantee Every professional on the D&B team is NIC EIC registered and Gas Safe approved where applicable. This – on top of the extensive skills and training which each member of our team possess – is our baseline for ensuring quality. But we understand that it's always best to have it in writing.

That's why all of our building services in Maida Vale are backed by a full quality guarantee. If you ever have a problem, all you need to do is call. Your support and project management You will have a personal project manager assigned to your property. This means you have one clear number and name to call to get any information which you might need. Of course, you can always discuss things with your onsite team directly. But there's no substitute for knowing you can get right through to someone who knows exactly what's going on with major work even during off-hours. Why do local people call D&B?

All the qualified tradesmen you need for any home or office improvement work All building by D&B comes with a full quality guarantee Comprehensive quote ensures you always know where you stand Use of the highest quality of materials every time – always meeting your budget Get

When you get your builders from D&B, the first step will always be to have one of our planning experts meet you at your address. They can take all the measurements plus, most importantly, take down all of your requirements regarding what you want from your new space. This can be the colour scheme you have in mind for your painting and decorating. Or the room plans you have in mind for your new attic office or extension space.

You'll then get an all-inclusive quote sent to you within three to five working days. Who uses us as their building company in Maida Vale?

D&B is used by homeowners, business owners, landlords and tenants across the local area. Ideal for any property, you will always see the professionals on your team prioritise causing minimum disruption while they're in your property. This means the proper preparation of the area to be worked in. And working in a smart, coordinated manner so that all the different trades – electricians, carpenters, painters and decorators, plumbers and so on – do their work in the order which makes the most sense to get your project finished on time and on target. Your personal project manager will be in charge of making sure of that.]Contact
